

## *About UCC of Annapolis*

### Our History

We are the only church representing the United Church of Christ denomination in Anne Arundel county. Our congregation, founded in 1962, is the product of four historic denominations merging. The Congregational and Christian churches have their roots in the English Reformation; the Evangelical and Reformed Churches are rooted in the German Reformation that came together in 1957 to form the United Church of Christ.

### Our Mission

Our mission is to engage all people in the worship of God, to teach the basic tenets of the Christian faith, and to spread the Gospel of Jesus Christ.

We seek to provide fellowship with one another, to minister to our needs and the needs of society. We will pursue this mission in covenant with the regional and national bodies of the United Church of Christ. We strive to be Christians united in fellowship, Christian action and religious freedom in Christ while respecting the religious traditions and beliefs of others.
